

### ***Week 3 (4/27/20 to 5/04/20)***

First watch these videos as a refresher of how to apply substitution and Pythagorean Theorem.

- Here are two videos on substitution the first one is longer video modeling substitution using algebra tiles. The second one is a shorter video with a word problem.

<https://www.youtube.com/watch?v=f2o8E10iOYg>

<https://www.youtube.com/watch?v=AJNDeVt9UOo>

- Here is the video on Pythagorean theorem

<https://www.youtube.com/watch?v=WqhlG3Vakw8&t=618s>:

**In Spanish:** [https://www.youtube.com/watch?v=Pm\\_ncQVCWIA](https://www.youtube.com/watch?v=Pm_ncQVCWIA)

- Remember these are refreshers; if you feel comfortable completing the IXL, you do not have to watch the entire videos:
- To practice what we have learned, please complete IXLs: V.6 evaluate Expressions (substitution), R.1 and R.2(Pythagorean Theorem)
