

DISTANCE LEARNING

WEEK 3-April 27

LET'S LEARN

Watch video on Ms. Trivett's teacher page.

Watch Math Antics - Ratios and Rates (thru youtube)

OPTIONAL ASSIGNMENTS

1. Complete IXL lesson R.8 Unit Rates - Score of 90
2. Complete IXL lesson R.9 Equivalent Rates and * - Score of 90

OBJECTIVES/SOL 6.2.d

1. Understand a unit rate.
2. Compare Unit rates.
3. Determine which unit rate is a better deal in real life situations.

IF STUCK- Email your teacher, they are there to help.

- Mathantics videos are found on youtube.
- Instruction is Tuesday 9 - 10:30 and your teacher is available at that time.

ACTIVITY

Go virtual shopping and compare unit rates for different products, for example potato chips VS Doritos, hotdogs VS lunch meat. Remember to compare the same amount by weight so you have to look at the package closely. Have Fun!!!

Describe unit rate to a family member.

Create your own ratio table using markers and crayons.

Have a great week and stay healthy!!
