MIDDLE SCHOOL INTERSCHOLASTIC ATHLETICS – GENERAL ELIGIBILITY RULES

ELIGIBILITY

A student may not participate as a player in a sport if the student becomes fifteen (15) years of age on or before September 1 of the current school year. A student may not participate in junior varsity basketball if the student is fourteen (14) years of age on or before October 1 of the current school year. Eighth graders may NOT participate on middle school junior varsity teams. Sixth grade students are allowed to participate in middle school varsity sports when, in the opinion of the coach, athletic coordinator, and principal, the student is mature enough and has the skills necessary to compete at the varsity level.

PARTICIPATION

A student may participate on only one school team during a given sports season. Furthermore, a student may not leave one school team and join another school team during the season.

ACADEMIC ELIGIBILITY

If a student fails more than one subject, the student shall be declared ineligible for the next grading period. This rule applies to practice as well as game participation and is effective the day after report card distribution. Interim reports will allow ineligible students meeting eligibility criteria to try out for the next sports season. Students who were previously ineligible become eligible the day after grades are due. Ineligible students who become eligible after team selections may not join a team.

MEDICAL EXAMINATION/PARENTAL PERMISSION

In all interscholastic activities, each participant must have a physical examination by a Doctor of Medicine, Doctor of Osteopathic Medicine, Nurse Practitioner or Physician's Assistant and have permission from said examiner and parent/guardian before the participant may engage in any sport. An Emergency Permission Form shall be completed by each participant and signed by the participant's parent/guardian. The cards shall be readily available to coaches at practices and games.

SELECTION OF TEAM

Team selection should include as many participants as possible. Each student trying out will receive a letter from their school specifying length of practice, criteria for squad selection, equipment needed, and a schedule of games. All squad selections will be implemented in a positive and objective manner. There will be three designated days for tryouts for all athletic teams.

INSURANCE

All students participating in the athletic program shall be covered by some type of accident insurance. The accident insurance policy made available by the Prince William County Public Schools covers all athletic activities, including middle school football.

Student Signature: _____ Date: _____

Providing false information will result in ineligibility for one year.
